Critical Information Summary

Hosted PBX VoIP

Service Information

VoIPcloud provides a cloud-hosted VoIP PBX (telephone system) service for customers, allowing for calls to be placed and received over an internet connection.

Included features

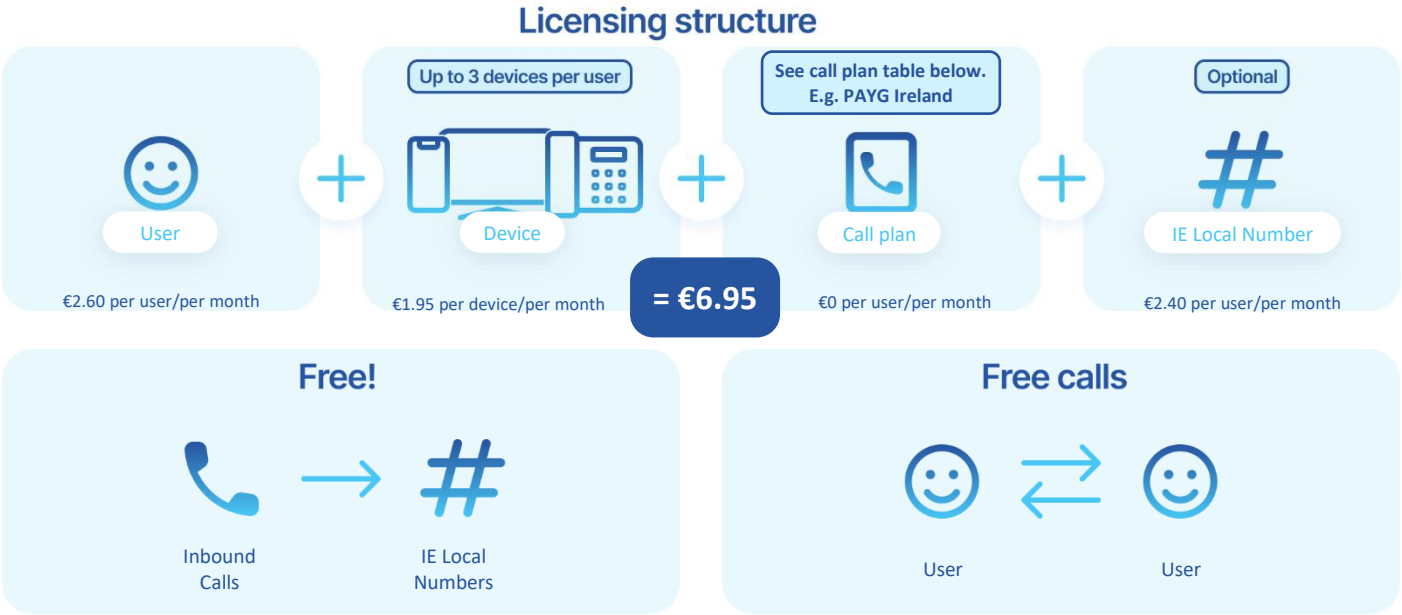

A full call routing feature set is included; IVR menus, call queues, ring groups and more. We constantly expand our feature set, view the complete feature list here. Customers have access to an online portal to configure their hosted PBX service call flow and check usage information.

Limitations

- An active internet connection is required.
- VoIPcloud does not provide access to premium call services such as 15 numbers.
- Call quality is dependent on the quality and stability of your internet connection.
- Caller ID cannot be guaranteed to international destinations.
- Service does not include battery backup power supply for internet service provider's equipment or customer equipment. You will not be able to make calls during a power outage, including calls to emergency services.

Advanced features

Fax-to-email is €4.99 per fax-to-email PBX object per month. Integrations (CRM, API, Webhooks, Zapier) are €2.55 per user per month. All integration features are activated with one subscription for the entire account, with pricing calculated automatically based on user count. Call recording storage plans can be selected for your call recordings, with subscriptions paid monthly or pay-as-you-go. Outbound SMS plans can be selected for SMS-enabled phone numbers, with subscriptions paid monthly or pay-as-you-go.

Call diversions

Diversions from a user object are charged per the outbound call rate for the user's selected call plan. Diversions from a call diversion object are charged per the outbound call rate as the PAYG Ireland call plan.

Additional pricing information

Minimum term: one month. Call plans have rounding of four decimal places, no exit fees or early termination fees, and no set-up fees with no requirement to bundle anything with this service. If included call, SMS, or call recording storage value is fully used within a calendar month, excess usage charges will apply. Any unused value does not roll over to the next month. Porting fees are included on number porting forms. If a number is removed or cancelled from your account, reactivation may incur a fee. Contact support to request reactivation, and they'll confirm any charges before proceeding.

International destinations

International rates and free calls to 50+ countries may change without notice. Calls are billed in 60-second increments. You can check the latest call rates and any free destinations for each call plan in the customer portal under billing > rates search. To protect against fraud, we block certain high-risk international destinations. If you need access to a blocked destination, please contact our support team.

Billing information

Services are supplied on a prepaid basis by default. New monthly subscription services are charged to your account pro-rata, from the service activation date to the end of that month. Any included value for services is also applied to your account proportionally for the same period. After this, your monthly subscription is charged at the start of each month. SMS charges that are not part of the included value are charged to the account balance after the message is sent, making it possible for the account balance to go negative or below the assigned credit limit. Services unsubscribed during a billing period are non-refundable. We recommend setting up automatic payments via our customer portal. Pre-paid billing requires you to maintain a positive account balance at all times, the service will be restricted automatically if you fail to maintain a positive account balance. Post-paid billing is available upon request and at VoIPcloud's discretion. For post-paid billing, invoices are issued at the start of each month with 14-day payment terms. A security deposit is required to set a credit limit, and VoIPcloud may ask for an additional deposit if you need a higher credit limit. Non-payment and service suspension charges apply to post-paid billing accounts only. If your bill is overdue for over 7 days your account will be charged a €15.00 late payment fee. If your bill is overdue for over 30 days your account will be suspended and if your account is restored a €30.00 suspension fee upon restoration.
